26th May, 2008

The Presidents

All Provinces

Dear Sirs,

COACHES EDUCATION PROGRAM AND STRUCTURE

As you know by now, we have embarked on a serious program in terms of which we are rewriting the entire Coaches Education Program and in line with that, restructuring the coaches' administration. We have also appointed a sub-committee whose mandate is concentrated on the developing of a new registration system for all our members. The ultimate goal is to have our own registration system run in-house from the head office at the Wanderers. The success of the registration of the coaches depends on your co-operation in the province and I would like to call on everybody to make sure that all coaches register on the new system. The old TR3 registration system is still in place and can be utilized for the registrations until 31 May this year, from which date all registrations will be done on the new system from the head office. We are serious about taking action against coaches that neglect/refuse to register as they will be considered to be non-registered members of SATA and will (with your co-operation) not be entitled to conduct any coaching activities on facilities belonging to the clubs/districts/provinces and will not be considered for appointment to any squads. We are also considering action against any club/district/province who allows non-registered coaches to use their facilities and will discuss this in more detail at the next AGM scheduled for July this year.

Please see this as a positive step towards the restructuring and control of our coaches for their own benefit as well as the benefit of our Association and I look forward to your co-operation in this matter. I am excited about the new registration system that will be a huge benefit to our members and ultimately also our provincial administration.

Kind regards

Johann Koorts

Chairman
